

ROSENFELS PARK

A feature of The Acres Estate is a 2ha public park purpose planned to provide a large central open space area for residents.

Play equipment, exercise stations, multi-purpose games court and landscaping embellishments, provide areas for young and old to enjoy.

The land on which the park is built is part of the former 'Rosenfels' farm. Originally owned by a couple called Jaeger, Tilly & James Stone retained the name after purchasing the property in 1939.

'Rosenfels Park' will maintain the long association of the name with the land.
