Abruzzi 324

Elegant and opulent, the Abruzzi is the pinnacle of home design for acreage living. The sprawling 324.4m² single storey floor plan takes full advantage of the benefits of having a larger block to build upon, without being wasteful.

At the very heart of the Abruzzi sits a generous open plan living area from which all other areas of the home can be easily accessed. With an inbuilt butler's pantry, the kitchen also has a large breakfast bar, ideal for entertaining or when the school rush is on.

The open plan living area allows for ease of access to the alfresco dining area. And with a media room, study area and child's retreat, the Abruzzi has something for everyone.
