

The Acres | Land Tahmoor | Register

theacres.com.au/register

A selection of private, bushland view lots ranging from 4000m<sup>2</sup> - 2.7ha at The Acres Estate. This is a limited opportunity to secure a prestigious acreage homesite for your families future.

Providing peace and space for your very own rural retreat, The Acres offers Torrens Title rural-residential living at its best.

One of the key benefits of living at The Acres is the large lot sizes. Long lots and generous frontages suit luxurious homestead style single level living with the ornamental pool you've always desired, a large shed and the option for a separate dwelling (subject to council approval and size restrictions).

Enjoy peace of mind knowing your neighbours will build to the same impeccable standards. Design Guidelines are in place to safeguard the value of your investment by encouraging high quality homes and landscaping.

The Acres is more than just a location - it's a lifestyle. The impressive size of these blocks gives you the opportunity to create a stunning, peaceful spacious retreat.

### Design Guidelines That Work

The Acres Design Guidelines have been developed with the aim of safeguarding the value of your investment by encouraging the development of a visually attractive built environment with high quality homes and landscaping. The landscape character of The Acres also plays an important role in establishing a setting with a distinctive sense of place and rural tone.
